EMPLOYERS®

America's small business insurance specialist®

This slide presentation is for informational purposes only. It should be read in conjunction with our Form 10-K for the year 2011, our Form 10-Qs and our Form 8-Ks filed with the Securities and Exchange Commission (SEC), all of which are available on the "Investor Relations" section of our website at www.employers.com.

Non-GAAP Financial Measures

In presenting Employers Holdings, Inc.'s (EMPLOYERS) results, management has included and discussed certain non-GAAP financial measures, as defined in Regulation G. Management believes these non-GAAP measures better explain EMPLOYERS results allowing for a more complete understanding of underlying trends in our business. These measures should not be viewed as a substitute for those determined in accordance with GAAP. The reconciliation of these measures to their most comparable GAAP financial measures is included in this presentation or in our Form 10-K for the year 2011, our Form 10-Qs and our Form 8-Ks filed with the Securities and Exchange Commission (SEC) and available in the "Investor Relations" section of our website at www.employers.com.

Forward-looking Statements

This presentation may contain certain forward looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward looking statements include statements regarding anticipated future results and can be identified by the fact that they do not relate strictly to historical or current facts. They often include words like "believe", "expect", "anticipate", "estimate" and "intend" or future or conditional verbs such as "will", "would", "should", "could" or "may". All subsequent written and oral forward-looking statements attributable to us or individuals acting on our behalf are expressly qualified in their entirety by these cautionary statements.

All forward looking statements made in this presentation reflect EMPLOYERS' current views with respect to future events, business transactions and business performance and are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Such statements involve risks and uncertainties, which may cause actual results to differ materially from those set forth in these statements. The business of EHI and those engaged in similar lines of business could be affected by, among other things, competition, pricing and policy term trends, the levels of new and renewal business achieved, market acceptance, changes in demand, the frequency and severity of catastrophic events, actual loss experience including observed levels of increased indemnity claims frequency and severity in California, uncertainties in the loss reserving and claims settlement process, new theories of liability, judicial, legislative, regulatory and other governmental developments, litigation tactics and developments, investigation developments, the amount and timing of reinsurance recoverables, credit developments among reinsurers, changes in the cost or availability of reinsurance, market developments (including adverse developments in financial markets as a result of, among other things, changes in local, regional or national economic conditions and volatility and deterioration of financial markets), credit and other risks associated with EHI's investment activities, significant changes in investment yield rates, rating agency action, possible terrorism or the outbreak and effects of war and economic, political, regulatory, insurance and reinsurance business conditions, relations with and performance of employees and agents, and other factors identified in EHI's filings with the SEC. Accordingly, readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date on which they are made.

We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Stock Ownership Limitations

As a reminder to investors, Employers Holdings, Inc. (EMPLOYERS) owns four insurance companies, domiciled in three different states. These wholly-owned insurers are regulated by insurance commissioners and are subject to the statutes and regulations of the various states where they are domiciled and authorized to transact insurance. As a result, EMPLOYERS has the following stock ownership limitations, which must be satisfied prior to certain stock transactions.

As of February 5, 2012, the fifth anniversary of the effective date of the plan of conversion pursuant to which Employers Holdings, Inc. (the “Company”) converted from a mutual insurance holding company to a stock corporation, the provisions of Nevada Revised Statutes § 693A.500 and Article XI of the Amended and Restated Articles of Incorporation of the Company expire. These provisions generally provided that under Nevada law, until February 6, 2012, no person, other than the Company, any direct or indirect subsidiary of the Company and any employee compensation or benefit plan of the Company or any such direct or indirect subsidiary, could directly or indirectly offer to acquire or acquire in any manner the beneficial ownership of 5% or more of any class of voting security of the Company without the prior approval by the Commissioner of the Nevada Division of Insurance.

The Company remains subject to the customary “acquisition of control” statutes in the states where it operates. The Company’s insurance subsidiaries are domiciled in Florida, California and Nevada. The insurance laws of these states generally require that any person seeking to acquire control of a domestic insurance company obtain the prior approval of the state’s insurance commissioner. In Florida, “control” is generally presumed to exist through the direct or indirect ownership of 5% or more of the voting securities of a domestic insurance company or of any entity, such as the Company, that controls a domestic insurance company. In California and Nevada, “control” is presumed to exist through the direct or indirect ownership of 10% or more of the voting securities of a domestic insurance company or of any entity, such as the Company, that controls a domestic insurance company. In addition, insurance laws in many states in which the Company is licensed require pre-notification to the state’s insurance commissioner of a change in control of a non-domestic insurance company licensed in those states. All of these approval and notification requirements continue to remain applicable to the direct or indirect acquisition of the Company’s common stock by any person and are not altered by the expiration of the above-described limitations.

1. Adjustment to exclude the deferred acquisition accounting change which added $3 million to underwriting and other operating expense in the three months ended March 31, 2012. The $3 million was comprised of expenses related to acquiring new or renewal insurance contracts.
2. Adjustment to include the tax benefit related to the exclusion of the DAC accounting change in the three months ended March 31, 2012.
3. The LPT adjustment is also a non-GAAP measure which is explained/reconciled in our May 8, 2012 earnings press release. This calculation is normally included in the Company's reports on financial and operating results.

<u>*Deferred Policy Acquisition Costs</u> (DAC)
• Financial Accounting Standards Board (FASB) revised the definition of acquisition costs – costs associated with acquiring and renewing insurance policies – which we are capitalizing and deferring beginning January 1, 2012 (Accounting Standards Update Number 2010-26)
• EHI adopted the guidance on a prospective basis
